

PACK A BOOK COMMUNITY OUTREACH PROJECT

NACD Annual Meeting
Orlando, Florida
Jan. 31 to Feb. 3, 2010

Join NACD and conservation districts across the country in promoting natural resource education with the 3rd "Pack a Book" community outreach project. This will leave a lasting impression in the Orlando, Florida area YMCA after school and weekend programs, following our 64th Annual Meeting. You can participate by packing a book(s) to donate to the YMCA after school program in the Orlando area when you attend the NACD conference. If you are unable to attend the conference, you can send a donation and books will be bought for you. (Contact Susan below for information on donations)

Donate a favorite book on natural resources/conservation to share with students. We have compiled a list of books on natural resource topics to assist in your shopping. Books must be in good condition - either new or gently used and be appropriate for student use. We collected over 125 books at the 2009 conference and donations to purchase books. Please share with others in your district and community about this project.

NACD will have labels to place in the books with your name as the donor. ***Before coming to the conference please put your name, county, city and state on a piece of paper in the book so that your label can be made.***

Books can be donated at the Stewardship and Education Exhibit in the Conservation Expo throughout the conference.
