

2017 NACD Live Auction Catalog

Featuring auctioneer Johnny Regula

NACD's Live Auction is one of the signature events at our Annual Meeting each year, and 2017 will be no different! Featuring auctioneer Johnny Regula, this year's auction will be sure to draw your eye with a vast range of items from hand-crafted quilts and freshwater pearls to top-of-the-line farming equipment.

Thanks to the generous donations of districts, states, and corporate sponsors, the auction raises thousands of dollars each year to help NACD provide national leadership and a unified voice for natural resource conservation.

Thank you in advance for your strong support of NACD and locally-led conservation. Your generosity continues to make a positive impact on the future of America's natural resources.

While you're at the live auction, don't forget to participate in the Draw Down. You have the chance to win \$500!

This auction catalog was made possible through the generous support of our Title Sponsor, Prince George's Soil Conservation District.

CASE IH

AGRICULTURE

A special salute to Case I-H for their continued support of the NACD Live Auction. Case I-H has donated the use of two tractors, one row crop tractor and one HP 4WD tractor. Each tractor may be used for up to 200 hours with the hours to be split between conservation and educational work and work on the winning bidder's operation.

JOHN DEERE

Since its founding in 1837, John Deere has seen a great many changes in its business, its products, its services. Change always comes with opportunity. And Deere has always been ready and willing to embrace it. Yet, through it all, John Deere's mission is still dedicated to those who are linked to the land – farmers and ranchers, landowners, builders, and loggers. And Deere has never outgrown, nor forgotten, its founder's original core values. Those values determine the way we work, the quality we offer, and the unsurpassed treatment you get as a customer, investor, employee.

2017 Gator™ XUV590i Crossover Utility Vehicle

Additional options included: alloy wheels, power steering.

BOAR*BUSTER*

Donated by: W-W Livestock Systems

The BoarBuster is a research-based, cutting-edge trapping system developed as a solution for managing the nation's exploding feral hog population.

BoarBuster

The BoarBuster is a fully suspended feral hog trap that is activated with a cell phone or computer. The BoarBuster hog trap is a patented product, developed by research done at The Noble Foundation in Ardmore, Oklahoma.

Rice Agri-Marketing was founded by Jeff Rice in 2011. After a long and successful career with Miles Enterprises, Rice wanted to continue serving farmers in and around the Green River area of Kentucky. Jeff Rice has more than 30 years experience in crop marketing and consulting and a passion for innovation and serving agriculture.

3 units of Pfister Corn Seed
3 units of Pfister Soybean Seed

We have a different perspective from most seed companies when it comes to striking a balance between future technologies and the traits and genetics that are currently available. We think talking about tomorrow is fine, but isn't it more important to get the most out of your field today?

Thanks to our component strategy and relationship with Dow AgroSciences, you get the genetics, traits, technology, innovation, and support you need today, and the trust that you'll have what you need tomorrow.

3 units of Steyer Corn Seed
3 units of Steyer Soybean Seed

With Steyer Seeds you have one name that offers as much genetic and trait-platform diversity as any other brand—meaning you have a single, dedicated seed advisor who can access all the best from Syngenta, Monsanto, Dow AgroSciences, Bayer, and others.

6 quarts of Kentucky farm-grown
Canola Oil

Cover Crop Seed Display Case

Donated by: Green Cover Seed

The case features 48 popular cover crop seed samples in a durable aluminum case.

Three Bowflex EZ Pro Strapless Heart Rate Monitor Watches

Donated by: Ohio Federation of Soil and Water Conservation Districts

The Bowflex EX Pro watch features heart rate, time, and stopwatch functions. It is water resistant to 100 feet while the EZ Pro Heart Rate Monitor comfortably rests on your wrist. Bidders have three colors to choose from, blue (pictured), black, and white.

Life on the Farm

Donated by: Beth Mason

This quilt was made and donated by NACD staff member Beth Mason and features 32 farm related blocks. This is the third year Beth has donated a conservation quilt to the NACD Live Auction. The quilt is queen-sized.
