= HEALTHY HABITATS

SAVE THE PLANET

# Conservation:

careful management of the **environment** and of our **natural resources**.

## Habit:

an **action** or pattern of **behavior** that is **repeated** so often that it **becomes typical** of somebody, although he or she may be **unaware** of it.

## Habitat:

place where **something lives** because it has adapted to **find food, water, shelter, and space**.
