

NACD STEWARDSHIP WEEK

April 26 - May 3, 2020

NACD'S 65TH STEWARDSHIP WEEK IS
APRIL 26 - MAY 3, 2020 AND HONORS THE THEME
"WHERE WOULD WE BEE WITHOUT POLLINATORS?"

What is Stewardship Week?

NACD started Stewardship Week in 1955 to promote the conservation of natural resources for future generations. Stewardship Week has grown to be one of the world's largest conservation-related observances and represents a reminder of the power each person has to improve the natural resources.

How can I participate in Stewardship Week?

The 2020 Stewardship and Education materials and the new NACD Pollinator Field Day Curriculum Guide can be downloaded for free on NACD's Conservation Education Hub.

Contact your local conservation district to join them for a virtual week filled with online educational programming and activities for kids and adults of all ages.
