Conservation Districts

HOW WILL YOU CELEBRATE STEWARDSHIP WEEK?

We hope this toolkit will help you plan an exciting virtual week of activities for all grades K-8 youth in your community.

NACD's 65th Annual Stewardship Week will take place April 26 through May 3.

For any questions, email stewardship@nacdn.net.

Week 2020
April 26-May 3

STEPS TO TAKE

1. Share and distribute information

Contact local schools, 4-H, Scouts, churches, organizations, service and civic groups, agribusinesses and producers to distribute the Where Would We BEE Without Pollinators? information card to teachers, healthcare providers, parents and youth leaders.

2. Promote the online resources

Share Where Would We BEE Without Pollinators? with your local radio, newspaper, TV news station, public library and all youth-focused organizations. Promote the resources through social media, too.

3. Share with us

Let us know about your success by emailing information to stewardship@nacdnet.org

MATERIALS AVAILABLE FOR PRINTING

You can access materials for printing at
nacdnet.org/stewardship-week

Poster Contest

Poster rules, entry forms and resources for the 2020 NACD Poster Contest are available [here](#).

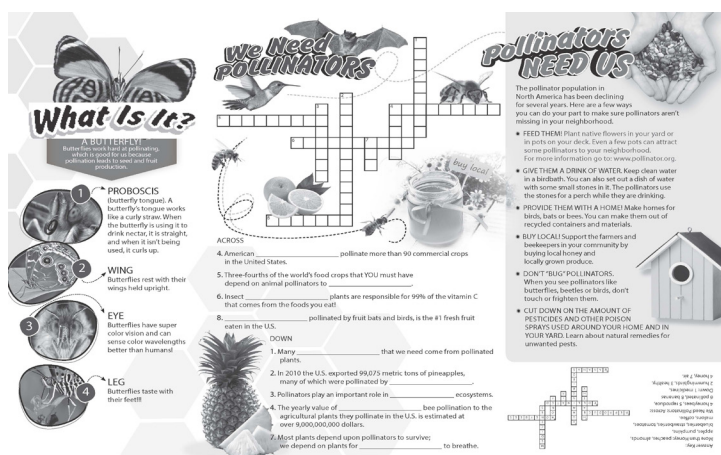

Booklets

Celebrate
Stewardship
Week 2020
April 26-May 3

Booklets are available to download for free for grade levels K-8. Visit [NACD's Marketplace](#) to download.

pollinators

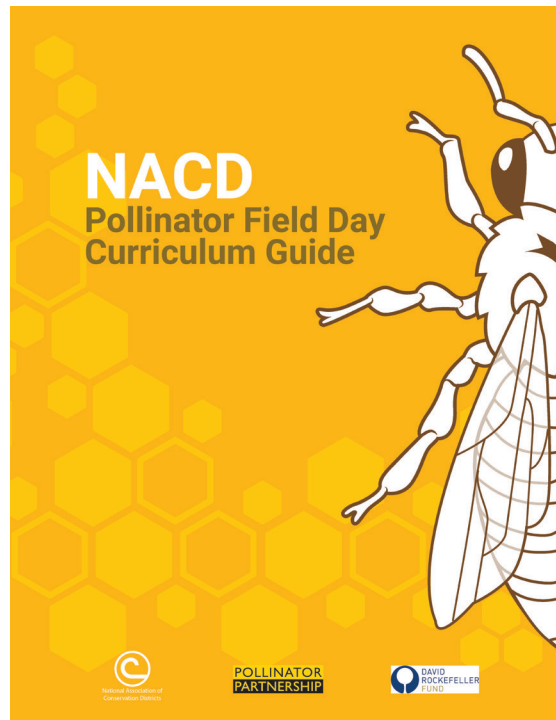

help **pollinate** more than **1,200** crops.

That means that **1** out of every **3** bites of food you eat depends upon **pollinators!**

Where would we **BEE** without Pollinators?

POLLINATOR FIELD DAY GUIDE

Check out NACD's newest curriculum, 'A Guide to Conducting a Pollinator Conservation Field Day,' available for download through NACD's new [Conservation Education Hub](#).

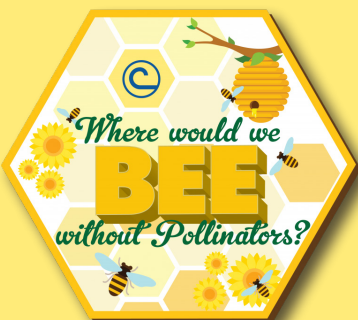

This guide provides interactive learning experiences for grades K-8, engaging them in habitat-focused, pollinator-themed activities for the classroom and outdoors. Each activity has been correlated to education

standards and provides a pathway to valuable partnerships with local soil and water conservation districts.
