# NACD POLLINATOR FIELD DAY CURRICULUM GUIDE

## A NEW CURRICULUM DESIGNED FOR CONSERVATION DISTRICTS

This guide to a Pollinator Field Day contains more than just instructions for hosting a great event. It's a complete guide, including pre- and post-activities, strategies for evaluation, and resources.

Here's what you'll find inside:

- **Lesson Plans & Ideas:** Included in the guide are pre- and post-Pollinator Field Day activities for grades K-8. The activities can be used in the classroom or informal learning settings. To make them easy to use in the classroom, each activity highlights alignment to the Next Generation Science Standards. Activities include background information, time involved and materials. Additionally, each activity includes evaluation and extension ideas.
- **Pollinator Field Day Stations & Implementation:** Instructions for planning and implementing a Pollinator Field Day, including information on how to contact local professionals, station activities for a variety of ages, guidelines for implementation and more.
- **Extensions:** If you enjoy your Pollinator Field Day experience, there are many ways to extend the fun! Learn about how to plant a pollinator garden, participate in citizen or community science efforts and more.
- **Supplementary Content:** Student worksheets, including crossword puzzles and word searches, as well as additional content for parents and guardians to share information about the Pollinator Field Day and email templates for outreach.
