2021 NACD POSTER CONTEST

HEALTHY FORESTS, HEALTHY COMMUNITIES

The National Association of Conservation Districts (NACD) and the NACD Auxiliary are excited to be sponsoring the 2021 poster contest. This year’s theme is Healthy Forests, Healthy Communities
The contest is open to all public, private and home-schooled students in grades K-12. All poster entries should be sent to your local conservation district.

Only state winning entries are eligible to enter the national competition, where one winner will be selected in each category (K-1; 2-3; 4-6; 7-9; 10-12). The monetary prizes will be awarded to the 1st - 3rd place winners in each category.

Trees and forests are critical to providing clean air and water, healthy soil, abundant wildlife habitat, and valuable products we use every day. It is important that each of us does our part to care for trees.

Your local conservation district is eager to help you care for the trees in your community. Contact them for more information.
